

# FINAL TECHNICAL ASSISTANCE REPORT

## PANAMA BAY SANITATION PROJECT

*June 2003*

**Prepared For:**

**Prepared By:**

**Funded By:**

**This report was funded by the U.S. Trade and Development Agency (TDA), an export promotion agency of the United States Government.** The options, findings, conclusions, or recommendations expressed in this document are those of the author(s) and do not necessarily represent the official position or policies of TDA.

The U.S. Trade and Development Agency assists in the creation of jobs for Americans by helping U.S. companies pursue overseas business opportunities. Through the funding of feasibility studies, orientation visits, training grants, conferences, and various forms of technical assistance, TDA enables American businesses to become involved in the planning stages of infrastructure and industrial projects in middle-income and developing countries. By doing this, the agency provides American firms with market entry, exposure, and information, helping them establish a position in markets that are otherwise difficult to penetrate.

**The U.S. Trade and Development Agency**

# Sanitation of the Bay and City of Panama Final Technical Assistance Report

## Table of Contents

---

<b>Chapter 1</b>	<b>- Introduction</b>	
1.1	Project Background and Study Area .....	1-1
1.1.1	Location .....	1-1
1.1.2	History of the System and Past Studies .....	1-1
1.1.3	Study Area .....	1-3
1.1.4	Existing Wastewater System .....	1-3
1.2	Scope of Work .....	1-4
<b>Chapter 2</b>	<b>- Background Information</b>	
2.1	Population and Flow Projections .....	2-1
2.1.1	Population Projections .....	2-1
2.1.2	Flow Projections .....	2-2
2.2	Results of the Wastewater Flow Monitoring and Sampling .....	2-3
2.2.1	Wastewater Flows .....	2-4
2.2.2	Sampling Results .....	2-6
<b>Chapter 3</b>	<b>- Effluent Requirements and Process Selection</b>	
3.1	Effluent Requirements .....	3-1
3.2.	Juan Diaz WWTP Process .....	3-4
3.2.1.	Secondary Treatment Process .....	3-4
3.2.2.	Evaluation of Primary Treatment Process .....	3-4
3.3	Veracruz Wastewater Treatment Plant .....	3-7
3.3.1	Treatment Requirements .....	3-7
3.3.2	Biological Plant Process Evaluation .....	3-8
3.3.2.1	Option A – Oxidation Ditch .....	3-8
3.3.2.2	Option B – Extended Air Activated Sludge Package Plant .....	3-10
3.3.2.3	Option C – Sequencing Batch Reactor (SBR) .....	3-11
3.3.3	Cost Comparison .....	3-13
3.3.4	Technology Selection .....	3-14

<b>Chapter 4</b>	<b>- Major Pump Stations and Transmission</b>	
4.0	Introduction.....	4-1
4.1	Hydraulic Model Development .....	4-1
4.1.1	Wastewater Model Design Criteria.....	4-2
4.1.2	Wastewater Scenarios .....	4-3
4.1.3	Wastewater Model Results .....	4-4
4.1.3.1	Year 2005 Wastewater Transmission Scenario .....	4-4
4.1.3.2	Year 2020 Wastewater Transmission Scenario .....	4-5
4.2	Major Pump Station Facilities .....	4-7
4.2.1	Pumping Units and Capacity .....	4-7
4.2.2	Structures .....	4-8
4.2.3	Odor Control .....	4-8
4.2.4	Electrical Loads and Standby Power .....	4-9
4.3	Major Transmission System .....	4-9
4.4	Cost Estimates.....	4-10
4.4.1	Major Pump Stations Cost .....	4-11
4.4.2	Transmission System Cost.....	4-12
<b>Chapter 5</b>	<b>- Environmental Setting of Juan Diaz Area</b>	
5.1	Background.....	5-1
5.2	Site Description and Location.....	5-1
5.3	Methodology .....	5-1
5.4	Summary .....	5-2
5.5	Habitat Descriptions .....	5-5
5.5.1	Area A.....	5-5
5.5.2	Area B.....	5-5
5.5.3	Area C.....	5-6
5.5.4	Area D.....	5-6
5.5.5	Area E.....	5-7
5.5.6	Area F.....	5-7
5.5.7	Area G.....	5-8
5.5.8	Area H.....	5-8
5.5.9	Area I.....	5-9
5.5.10	Area J.....	5-9
5.5.11	Area K.....	5-10
5.5.12	Area L.....	5-10
5.5.13	Area M.....	5-11

<b>Chapter 6</b>	<b>- Site Selection</b>	
6.1	Juan Diaz Wastewater Treatment Plant .....	6-1
6.1.1	Environmental Issues .....	6-3
6.1.2	Land Availability .....	6-5
6.2	Veracruz Wastewater Treatment Plan .....	6-5
 <b>Chapter 7</b>	 <b>- Juan Diaz WWTP Unit Process</b>	
7.1	General .....	7-1
7.2	Pretreatment Units .....	7-2
7.2.1	Barscreens .....	7-2
7.2.2	Grit Removal Facilities .....	7-3
7.2.2.1	Aerated Grit Chambers .....	7-4
7.2.2.2	Forced Vortex Grit Chambers .....	7-4
7.2.2.3	Recommended Grit Removal Alternative .....	7-4
7.2.3	Grit Handling .....	7-5
7.3	Biological Liquid Treatment .....	7-5
7.3.1	Suspended Growth Biological Treatment .....	7-5
7.3.1.1	Conventional Activated Sludge .....	7-6
7.3.1.2	Biological Nutrient Removal .....	7-7
7.3.1.3	Aeration System .....	7-9
7.4	Final Clarification .....	7-9
7.4.1	Sludge Pumping .....	7-10
7.5	Disinfection .....	7-11
7.6	Effluent Disposal .....	7-12
7.7	Material Balance .....	7-12
7.8	Solids Stabilization and Disposal .....	7-12
7.8.1	Sludge Thickening .....	7-14
7.8.2	Sludge Stabilization .....	7-15
7.8.3	Sludge Dewatering .....	7-16
7.9	Hydraulic Profile .....	7-17
7.10	Auxiliary Processes .....	7-17
7.10.1	Odor Control Facilities .....	7-17
7.10.1.1	Odor Sources .....	7-19
7.10.1.2	Odor Treatment .....	7-19
7.10.1.3	Ventilation Systems .....	7-20
7.10.1.4	Housekeeping .....	7-20
7.10.2	Control and Information Systems .....	7-20
7.10.2.1	Information Needs .....	7-23
7.10.2.2	Recommended System .....	7-23
7.10.3	Standby Power .....	7-27
7.11	Proposed Treatment Plant Layout .....	7-31

<b>Chapter 8</b>	-	<b>Juan Diaz WWTP Construction and Operations and Maintenance Costs</b>	
8.1		Projected Construction Cost .....	8-1
8.2		Organization and Staffing .....	8-1
8.3		Projected Operating Cost .....	8-3
<b>Chapter 9</b>	-	<b>Veracruz Wastewater Treatment Plant</b>	
9.1		Design Criteria .....	9-1
9.2		Plant Site .....	9-2
		9.2.1 Community Program .....	9-2
		9.2.2 Collection Works .....	9-3
9.3		Unit Process Sizing .....	9-4
		9.3.1 General Arrangement .....	9-4
		9.3.2 Headworks .....	9-4
		9.3.3 Screening .....	9-5
		9.3.4 Grit Removal .....	9-7
		9.3.5 Odor Control Facilities .....	9-9
		9.3.6 Disinfection .....	9-12
		9.3.7 Power Generation .....	9-13
		9.3.8 Solids Thickening .....	9-13
		9.3.9 Solids Stabilization .....	9-15
		9.3.10 Solid Dewatering and Disposal .....	9-17
		9.3.11 Sequencing Batch Reactors (SBR) .....	9-18
		9.3.12 Effluent Disposal .....	9-20
9.4		Project Cost .....	9-20
<b>Chapter 10</b>	-	<b>Benefit Assessment</b>	
10.1		Description of Benefits .....	10-1
10.2		Economic Feasibility .....	10-4
		10.2.1 Definition of Economic Feasibility .....	10-12
		10.2.2 Estimating the Monetary Value of Benefits and Costs .....	10-12
		10.2.3 Project Costs .....	10-13
		10.2.4 Resident Willingness to Pay for the Project .....	10-15
		10.2.5 Producer Surplus from Increased Tourism .....	10-20
		10.2.6 Sensitivity Analysis .....	10-23
10.3		Financial Feasibility .....	10-26
		10.3.1 Revenue Sources .....	10-26
10.4		Conclusions .....	10-29
<b>Chapter 11</b>	-	<b>Environmental Assessment</b>	
11.1		The Project .....	11-1
11.2		Wastewater Treatment Plants .....	11-2

	11.2.1	Background.....	11-2
	11.2.2	Juan Diaz Wastewater Treatment Plant System.....	11-2
	11.2.3	Veracruz Wastewater Treatment Plant System.....	11-4
11.3		Treatment Plant Siting.....	11-5
	11.3.1	Juan Diaz WWTP Siting Procedure.....	11-5
	11.3.2	Veracruz WWTP Site Selection.....	11-6
11.4		Earth And Groundwater.....	11-9
	11.4.1	Location.....	11-9
	11.4.2	Geology.....	11-9
	11.4.3	Regional Seismicity.....	11-9
	11.4.4	Local Groundwater Regime.....	11-10
11.5		Impacts.....	11-10
	11.5.1	Inundation.....	11-10
	11.5.2	Erosion Hazards.....	11-10
	11.5.3	Seismic Hazards.....	11-10
	11.5.4	Groundwater.....	11-10
11.6		Potential Impacts During Construction.....	11-11
11.7		Outfalls Construction.....	11-12
11.8		Potential Impacts during Operation.....	11-12
11.9		Mitigation Measures.....	11-13
	11.9.1	Mitigation Measures during Construction.....	11-13
	11.9.2	Mitigation Measures during Operation.....	11-14
	11.9.3	Unavoidable Impacts.....	11-14
11.10		Air and Odor.....	11-14
	11.10.1	Climate Conditions.....	11-15
		11.10.1.1 Air Quality Standards.....	11-15
		11.10.1.2 Odor.....	11-15
		11.10.1.3 Potential Air Emissions and Odor Sources.....	11-16
	11.11.2	Impacts.....	11-16
		11.11.2.1 Potential Air Emission during Construction.....	11-16
	11.11.3	Potential Air Emissions during Operation.....	11-17
		11.11.3.1 Mitigation Measures during Construction.....	11-17
		11.11.3.2 Odor Control during Operation.....	11-17
	11.11.4	Unavoidable Impacts.....	11-18
11.12		Surface Water.....	11-19
	11.12.1	Regulatory Framework.....	11-19
	11.12.2	River and Marine Water Quality.....	11-21
	11.12.3	Impacts.....	11-22
		11.12.3.1 Potential Impacts during Construction.....	11-22

	11.12.3.2	Potential Impacts during Operation .....	11-23
	11.12.4	Mitigation Measures .....	11-24
		11.12.4.1 Mitigation Measures during Construction .	11-24
		11.12.4.2 Mitigation Measures during Operation.....	11-26
	11.12.5	Unavoidable Impacts .....	11-28
11.13		Plants and Wetlands.....	11-28
	11.13.1	Environmental Setting .....	11-28
	11.13.2	Habitat Description.....	11-28
	11.13.2	Regulatory Framework .....	11-31
	11.13.4	Impacts.....	11-35
		11.13.4.1 Potential Impacts during Construction .....	11-36
		11.13.4.2 Potential Impacts during Operation .....	11-38
	11.13.5	Mitigation Measures .....	11-39
		11.13.5.1 Mitigation Measures during Construction .	11-39
		11.13.5.2 Mitigation Measures during Operation.....	11-39
		11.13.5.3 Unavoidable Impacts .....	11-40
11.14		Environmental Health.....	11-40
	11.14.1	Environmental Health Risks .....	11-40
	11.14.2	Regulatory Framework .....	11-41
	11.14.3	Impacts.....	11-41
		11.14.3.1 Potential Impacts during Construction .....	11-41
		11.14.3.2 Potential Impacts during Operation .....	11-41
	11.14.4	Mitigation Measures .....	11-44
		11.14.4.1 Mitigation Measures during Construction .	11-44
		11.14.4.2 Mitigation Measures during Operation.....	11-44
	11.14.5	Unavoidable Impacts .....	11-46
11.15		Noise and Vibration.....	11-46
	11.15.1	Environmental Setting .....	11-47
		11.15.1.1 Noise.....	11-47
		11.15.1.2 Vibration.....	11-47
	11.15.2	Existing Noise and Vibration Sources .....	11-48
	11.15.3	Impacts.....	11-49
	11.15.4	Potential Noise and Vibration Impacts during Construction.....	11-49
	11.15.5	Potential Noise and Vibration Impacts during Operation.....	11-49
	11.15.6	Mitigation Measures .....	11-50
		11.15.6.1 Mitigation Measures during Construction Phase .....	11-50
		11.15.6.2 Mitigation Measures during Operation.....	11-50
	11.15.7	Unavoidable Impacts .....	11-50

11.16 Land And Shoreline Use..... 11-50  
 11.16.1 Environmental Setting ..... 11-50  
 11.16.2 Impacts..... 11-52  
 11.16.3 Mitigation Measures ..... 11-53  
 11.16.4 Unavoidable Impacts ..... 11-53  
 11.17 Aesthetics..... 11-53  
 11.17.1 Environmental Setting ..... 11-53  
 11.17.2 Potential Aesthetic Impacts during Construction ..... 11-54  
 11.17.3 Potential Aesthetic Impacts during Operation ..... 11-55  
 11.17.4 Mitigation Measures ..... 11-55  
 11.17.5 Unavoidable Impacts ..... 11-56  
 11.18 Cultural Resources and Recreation..... 11-56  
 11.18.1 Environmental Setting ..... 11-56  
 11.18.2 Impacts..... 11-57  
 11.18.2.1 Potential Impacts on Cultural Resources ... 11-57  
 11.18.2.2 Potential Impacts on Recreation Resources 11-57  
 11.18.3 Mitigation Measures ..... 11-57  
 11.18.3.1 Mitigation Measures with regard to  
 Cultural Resources ..... 11-57  
 11.18.3.2 Mitigation Measures with regard to  
 Recreational Resources..... 11-58  
 11.18.4 Unavoidable Impacts ..... 11-58  
 11.18.4.1 Unavoidable Impacts on Cultural  
 Resources ..... 11-58  
 11.18.4.2 Unavoidable Impacts on Recreation  
 Resources ..... 11-58  
 11.19 Public Services and Utilities ..... 11-59  
 11.19.1 Environmental Setting ..... 11-59  
 11.19.2 Impacts..... 11-59  
 11.19.2.1 Potential Public Service Impacts  
 during Construction ..... 11-59  
 11.19.2.2 Potential Public Service Impacts  
 during Operation ..... 11-60  
 11.19.3 Mitigation Measures ..... 11-60  
 11.19.4 Unavoidable Impacts ..... 11-60

**Chapter 12 – U.S Sources of Supply**

12.1 Introduction..... 12-1  
 12.2 Sources of Supply ..... 12-1

**TABLES**

2-1 Year 2020 Population Projections ..... 2-1

2-2	Year 2020 Population by Sub-Basins .....	2-2
2-3	Year 2020 Flows by Sub-Basins.....	2-3
2-4	Dry Season Flow Monitoring Results and Flow Per Capita.....	2-5
2-5	Total Wastewater Flow per Capita .....	2-6
2-6	Wastewater Characterization of Sampled Area .....	2-7
2-7	Wastewater Characterization .....	2-7
2-8	Per Capita Wastewater Loadings .....	2-8
2-9	Wastewater Characteristics and Loadings Point 6 & Point 8 Sampling Results .....	2-8
2-10	Impact of Infiltration Flow Contribution versus BOD <sub>5</sub> Concentration and Total Treatment Plant Flow.....	2-9
3-1	Maximum Effluent Discharge Limits to Receiving Water Bodies .....	3-1
3-2	Design Biological Treatment Effluent Limits .....	3-3
3-3	South Florida Regional Secondary Treatment Works .....	3-5
3-4	Primary Clarification Process Present Worth Cost Analysis .....	3-7
3-5	Present Worth Analysis Biological Plant and Aerobic Digestion Works.....	3-13
3-6	Veracruz Biological Process Ranking .....	3-13
3-7	Biological Process Evaluation Matrix - New Treatment Plant Veracruz WWTP, Panama .....	3-16
4-1	Hydraulic Model Design Criteria .....	4-3
4-2	Wastewater Flow Demands .....	4-3
4-3	Year 2005 – Average Daily Flow - Hydraulic Model Output – Pump Stations .....	4-4
4-4	Year 2005 – Average Daily Flow - Hydraulic Model Output – Force Mains .....	4-4
4-5	Year 2005 – Peak Flow - Hydraulic Model Output – Pump Stations .....	4-5
4-6	Year 2005 – Peak Flow - Hydraulic Model Output – Force Mains .....	4-5
4-7	Year 2020 – Average Daily Flow - Hydraulic Model Output – Pump Stations .....	4-5
4-8	Year 2020 – Average Daily Flow - Hydraulic Model Output – Force Mains .....	4-6
4-9	Year 2020 – Peak Flow - Hydraulic Model Output – Pump Stations .....	4-6
4-10	Year 2020 – Peak Flow - Hydraulic Model Output – Force Mains .....	4-6

4-11	Design Criteria Major Pump Stations - Pump Station Requirements .....	4-8
4-12	Major Pump Stations Preliminary Electrical Loads .....	4-9
4-13	Generator Capacity .....	4-9
4-14	Transmission System .....	4-10
4-15	Construction Cost Estimate - Major Pump Stations .....	4-11
4-16	Operation and Maintenance Cost - Major Pump Stations .....	4-11
4-17	Construction Cost Estimate - Transmission System.....	4-12
5-1	Habitat Area WRAP Analysis Summary .....	5-3
5-2	Observed Plant Species – Juan Diaz Site.....	5-4
6-1	Site Ranking Results .....	6-2
6-2	Summary of Habitat Impact by Site Location .....	6-4
7-1	Selected Effluent Limits .....	7-1
7-2	Design Wastewater Flowrates .....	7-1
7-3	Design Wastewater Characteristics (mg/liter) .....	7-2
7-4	Influent Screening - Design Criteria.....	7-3
7-5	Forced Vortex Grit Chamber - Design Criteria .....	7-5
7-6	Aeration Basin Effluent MLSS.....	7-8
7-7	Process Oxygen Requirements .....	7-8
7-8	Clarifier Solids Loadings .....	7-8
7-9	Simulated Final Effluent Quality .....	7-8
7-10	Secondary Clarifier – Design Criteria .....	7-10
7-11	RAS Pumping - Design Criteria .....	7-11
7-12	WAS Pumping - Design Criteria .....	7-11
7-13	Present Worth Summary .....	7-13
7-14	Anaerobic Digestion - Design Criteria .....	7-16
7-15	Centrifugal Dewatering - Design Criteria.....	7-17
7-16	Projected Sulfide Levels in Raw Wastewater.....	7-18
7-17	Electrical Loads .....	7-28
8-1	Juan Diaz Wastewater Treatment Plant Construction Cost Estimate .....	8-1
8-2	Juan Diaz WWTP O&M Staffing .....	8-2
8-3	Annual Operational and Maintenance Cost .....	8-3
9-1	Biological Design Criteria - Veracruz Wastewater Treatment Plan .....	9-1

9-2	Anticipated Effluent Nitrogen Levels - Veracruz WWTP, Panama .....	9-2
9-3	Area 11 Minor Pump Stations .....	9-3
9.4	Headworks Design Criteria .....	9-5
9-5	Estimated Screening Volume versus Bar Screen Clear Opening .....	9-6
9-6	Hydrogen Sulfide Gas Characteristics .....	9-10
9-7	Odor Control Present Worth Analysis .....	9-11
9-8	Sequencing Batch Reactor - WWTP Veracruz, Panama .....	9-18
9-9	Construction Cost Estimate - New WWTP Veracruz, Panama ...	9-20
9-10	Operation and Maintenance - Cost Veracruz WWTP, Panama ...	9-21
10.2-1	Benefit-Cost Analysis - WWTP and Collection / Transmission System .....	10-5
10.2-2	Project Capital Costs – 2003 Dollars - WWTP and Collection/Transmission System .....	10-13
10.2-3	Project Annual Operation and Maintenance Cost - 2003 Dollars - WWTP and Collection/Transmission System ...	10-13
10.2-4	Estimated Value of Willingness to Pay for Sanitation Project Benefits .....	10-15
10.2-5	Population Located in the Service Area of the Panama City Sanitation Project .....	10-17
10.2-6	Number of Households Located in the Service Area of the Panama City Sanitation Project .....	10-18
10.2-7	Length of Panama City Beaches Calibrated to the Width of Broward County’s Beaches .....	10-21
10.2-8	Sensitivity Analysis of Model Parameters to Economic Feasibility - WWTP and Collection/Transmission System .....	10-25
10.3-1	Potential Revenue Source Summary for the Sanitation of Panama Bay and Panama Bay Program, Areas 1, 2, 3, 4, and 11 .....	10-28
11-1	Site Ranking Results .....	11-8
11-2	Maximum Effluent Discharge Limits to Receiving Water Bodies.....	11-20
11-3	Habitat Description .....	11-30
11-4	Typical Noise Standards (dBA).....	11-47
11-5	Human Response to Different Levels of Ground-Borne Vibration .....	11-48
12-1	U.S Suppliers of Goods and Services .....	12-2

**Figures**

1-1 Study Area ..... Following Pg 1-3

1-2 Existing Discharge Outfalls ..... Following Pg 1-4

2-1 Panama City Sub-Basins ..... Following Pg 2-1

2-2 Population Projection for Juan Diaz WWTP ..... Following Pg 2-1

2-3 Flow Components for Juan Diaz WWTP ..... Following Pg 2-3

2-4 Sampled and Flow Metered Basins ..... Following Pg 2-4

4-1 Location of Major Pump Stations ..... Following Pg 4-1

5-1 Juan Diaz WWTP Proposed Site  
Location Map ..... Following Pg 5-1

5-2 Juan Diaz WWTP Proposed  
Site Habitat Area ..... Following Pg 5-2

6-1 Location of Proposed  
Juan Diaz WWTP Sites ..... Following Pg 6-1

6-2 Veracruz WWTP Site ..... Following Pg 6-5

7-1 Biological Nutrient Removal Schematic ..... Following Pg 7-7

7-2 Process Flow Schematic and  
Material Balance ..... Following Pg 7-12

7-3 Hydraulic Profile..... Following Pg 7-17

7-4 Proposed Layout for Juan Diaz WWTP..... Following Pg 7-31

9-1 Veracruz WWTP Site Plan ..... Following Pg 9-2

9-2 Process Diagram Veracruz WWTP ..... Following Pg 9-4

9-3 Veracruz WWTP Facilities ..... Following Pg 9-19

11-1 Proposed Layout for Juan Diaz WWTP ..... Following Pg 11-2

11-2 Process Diagram Veracruz WWTP ..... Following Pg 11-4

11-3 Location of Proposed  
Juan Diaz WWTP Sites..... Following Pg 11-5

11-4 Veracruz WWTP Site Plan ..... Following Pg 11-6

**Appendix**

Appendix A	Major Pump Station and Transmission System Layout
Appendix B	Estimated Cost for Major Pump Stations
Appendix C	Estimated Cost for Transmission System
Appendix D	Juan Diaz WWTP Layout
Appendix E	Estimated Cost for Juan Diaz WWTP Layout
Appendix F	Implementation Plan
